Snapshot report

Under the agreement for 2015
Bluff State School received $12,564

Our full 2015 agreement can be found here:

Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Capturing and analysing 5 weekly literacy and numeracy data samples from Prep to Year 6 to ensure differentiated planning and teaching.
- Intensive literacy and numeracy support and programs to ensure all students achieve above the National Minimum Standard or have an Individual Learning Guarantee.
- Purchasing additional teacher and teacher aide hours to support literacy and numeracy classroom intervention programs across the whole school.
- Explicit Instruction pedagogy in all Key Learning Areas from Prep – Year 6 to ensure that students are achieving an ‘A-C’ standard on semester reports in 2015.
- Extending children into the Upper 2 Bands through classroom lessons, activities and interactive literacy and numeracy programs.
- A differentiated reading program for Prep – Year 6 students to support the development of comprehension strategies (CARS and STARS).
- A recognised online numeracy program to provide interactive, relevant and engaging support and extension for students from Prep – Year 6 (Mathletics).
- A recognised online literacy program to provide interactive, relevant and engaging support and extension for students from Prep – Year 6 (Reading Eggs).
